Description

Unleash the inner carpenter in your learners with our Real Woodworkers Starter Kit—a fantastic introduction to practical woodworking skills for the EYFS setting. This collection of fifteen real, working tools is not just for play; it's a hands-on gateway to learning confidence, fine motor skills, and the art of collaboration. Think of it as a tool-based trust exercise between child and adult, where learners discover what they're capable of under watchful supervision.

Recommended for children aged 3 years and older.
