## Description

With our Tinkering Blocks, creativity meets construction as this is where your budding architects and engineers (aged 5 years+) can bolt, screw, and build their wildest ideas! These wooden blocks are the perfect addition to your STEM

or tinkering area, ideal for enhancing manual dexterity, fine motor skills, and a bit of problem-solving on the side. Whether learners are crafting a mini cart with bolt-friendly wheels, constructing towers, or even piecing together their very own tinkering letters, these blocks are an endless source of inspiration.
