Description

Sorting, counting, and stacking – oh my! These Number Logs Height Sorted are here to turn maths time into a natural, tactile adventure. Crafted from natural wood, they're perfect for sparking curiosity about numeracy, reasoning, and problem-solving. Each log is a different height, making them a fantastic tool for early years maths activities. From comparing sizes to developing basic mathematical skills, these logs have learners exploring numerical concepts faster than you can say "logarithms!" (Pun very much intended.)
